our legacy

KHANSAHEB GROUP

Through our history of over eight decades, we have helped build our nation, transforming it and touching millions of lives. While we will always remain committed to our values that have brought us this far, we believe in the power of progressive change. As a diversified family business group, we aim to create innovative, sustainable businesses that can drive innovative, sustainable change-among our people and our communities.

We are Khansaheb Group.

Amer Khansaheb,
Managing Director at Khansaheb Group

our story

BAYTIK DESIGN

With a track record of delivering custom order and works of art across the UAE for prestigious clients in diverse sectors from residential to commercial, communities, signage and sculptures under Concrete Design, part of Khansaheb Group, Baytik Design evolved as a new brand with a contemporary design approach.

With its 'Made in UAE' stamp, Baytik Design proudly carries on the traditions and heritage of its mother company, which was founded in 1935.

Whether it's a coffee table, a stool or a console, there are endless ways to describe Baytik Design's sculptural furniture. Every piece evokes 'singular perfection', pushing the boundaries between design and decorative art. Built to stand on its own.

Sculptural. Bespoke. High-end. Decorative Art. Timeless. Singular

our how

PROCESS

Baytik Design works hand-in-hand with interior designers to create individual designs and exceptional statement pieces as part of its signature collections.

From pre-conceptual consultation to finished products, our design and production team brings years of experience and exceptional workmanship to create functional and beautiful pieces.

The first collection from Baytik Design was designed in partnership with Grammatiki Zamani, using locally sourced premium materials like concrete, wood, metal, and resin.

our why

VISION

'We deeply value local craftsmanship, design partnerships, and we believe in the power of progressive change. As a diversified family business group, we aim to create innovative, sustainable businesses that can drive innovative, sustainable change-among our people and our communities.'

Our goal is to design iconic collectors that embody art and luxury and are built to last.

The Baytik Design furniture collection is crafted with longevity in mind, designed to speak to future generations about their own heritage.'

Amer Khansaheb,
Managing Director at Khansaheb Group

Designed to withstand the test of time. Baytik Design is here to stay.

our work

COLLECTIONS

bespoke & CUSTOM-MADE

Bespoke furniture is one of the most rewarding aspects of our work at Baytik Design. We work hand in hand with our clients and designers to produce unique furniture and custom-made art pieces.

Introducing

COLLECTION ENA

Baytik Design's launch 'Collection ENA' comprises 15 signature pieces, all designed by renowned interior architect Grammatiki Zamani.

Born in Northern Greece, at the footsteps of the mythological Mount Olympus, Grammatiki drew inspiration for the collection from multiple sources and references.

These include many intricate geometric shapes, beautiful forms from traditional Greek architecture and the Classical Age.

These include many intricate geometric shapes, beautiful forms from traditional Greek architecture and the Classical Age.

The final products combine rough and sleek metal, coloured concrete and resin, with fine marble to create timeless pieces that can fit into any space.

Each piece, whether it is a chair, firepit, TV stand, console or dining table, challenges some of the materials' limitations.
